

# Coins for Change 2009

## Projects and Partner Organizations

### Kids who are poor

- Nutrition program to feed thousands of malnourished and at-risk children in Haiti—**Partners In Health** ([pih.org](http://pih.org)) works in some of the world's poorest communities to make sure children get food, clean water, health care and education.
- Peace centre to educate 20,000 young children displaced by war and conflict in Sri Lanka—**War Child** ([warchild.ca](http://warchild.ca)) is dedicated to lessening the effects of poverty, providing education and defending and fighting for the rights of children whose lives have been torn apart by war.

### Kids who are sick

- Critical health care and treatment programs for impoverished children in Haiti—**Partners In Health** ([pih.org](http://pih.org))
- Construction of a health clinic in Kenya—**Free The Children** ([freethechildren.org](http://freethechildren.org)), has more than one million young people involved in innovative education and development programs in 45 countries.

### The environment

- Programs to inspire children to protect coral reefs in Indonesia, wetlands in China, and forests in South America to ensure food and clean water for communities and critical habitat for sea turtles, orangutans and other endangered species—**Rare** ([rareconservation.org](http://rareconservation.org)) supports real-life superheroes in more than 50 countries to protect the world's most endangered animals forests, rivers, oceans and the people that live near them.
- Scholarships and educational programs focused on protecting the African wild dog, the elephant and the snow leopard.  
**Wildlife Conservation Network** ([wildlifeconservationnetwork.org](http://wildlifeconservationnetwork.org)) works to protect endangered species and the places they live by supporting conservationists who demonstrate entrepreneurship through innovative projects.
